COMMUNITY PRESERVATION COMMITTEE

### GCPC Project Suggestion Form

The Community Preservation Act provides funding for three core community concerns:

- Acquisition and preservation of open space
- Creation and support of community housing
- Acquisition and preservation of historic buildings and landscapes

The three core concerns provide guidelines for the use of CPA funds. Projects must meet specific legal requirements to be eligible for funding by the CPA.

Your suggestions for CPA projects are welcome. Input from the citizens for Georgetown will not only help to create new projects but also help to determine which projects are needed and wanted.

**Suggestion:**

The Georgetown Housing Authority would like to request CPC funding for a tree removal project and storm door installation. We started tree removal with funding from DHCD, but we were unable to finish. We have approximately 45 large pine trees that still need to be removed. The storm door installation began 10 years ago, but we still have 15 units that need storm doors.  
Thank you for your consideration.
